

Thank you for being a part of the Bear Creek Church family, and for your interest in small groups. As you can see, we have regular meetings that are designed to help you grow. The beauty of a small group is its more intimate setting where relationships are developed, and accountability and encouragement happen on a more personal level. Fellowship is crucial to our growth as Christians, and without the relationships developed in a small group we tend to isolate, or only make social connections on a Sunday.

Not listed as a regular group, but always taking place, is our ongoing discipleship program. Pastor Jim organizes our men (pjcartwright@charter.net), and Marla Lance (bormlance@charter.net) places women with other women disciplers.

BCC also offers events, such as: Dave Ramsay's *Financial Peace University*, women's craft nights, or father/son get-togethers. So be sure to read your bulletin or go to bearcreekchurch.org.
