

CUB NEWS

for Bear Creek Church Kids

Every year, Joni and Friends welcomes hundreds of families affected by disability to Family Retreats around the nation and the world. It's almost time for the two Family Retreats nearby! There, volunteers from our Church will join others in serving these deserving families so they can get some rest and have some fun! Others from our Church will join still more people from all over as Campers, ready to finally get a break from life and the pressures of disabilities like autism, spina bifida, intellectual delay and many more. While at home, you can pray that everyone has an encouraging time!
